Oiva Toddler Play Tower

Prime , F24606M

Oiva Sandbox with Play Tower does exactly what it says. It combines the kindergarten classics to a one cohesive solution. The toddler slide is easily accessible via the platforms or the Small crawling gate. The sandbox sides have multiple platforms and even a wobbly side, which is excellent especially when playing with toy cars or other vehicles. The product is manufactured from PEFC-certified Nordic pine. Colorful panels are HPL.
